

Winter 2014
Menu

Welcome to Otto, the home of cornmeal crust pizza in the UK.

***** WE'RE A BIT DIFFERENT *****

Our pizza is different to normal pizza because we use wholegrain cornmeal in the crust. This gives the crust a doughy, crumbly and rich taste. We fill our pizza pies with a variety of stronger flavours and tastes than typical pizzas. As a result our pizza has more texture, stronger flavours and is more filling than normal pizza.

***** GOOD TO KNOW *****

For a main meal we recommend 2-3 slices of cornmeal crust pizza per person. A whole pizza (6 slices) usually serves 2-3 people. Our pizza takes longer to cook than normal pizza, so please be patient – it's worth the wait.

We are the only restaurant in the UK serving Cornmeal Crust Pizza.

All of the wholegrain sweetcorn used in our cornmeal is grown in the UK and milled specifically for us, by a small UK granary. We make all of our crusts and all of our own toppings in house.

We really hope you enjoy our cornmeal crust pizza.

***** FEEDBACK *****

We love to hear what you think about our pizza, so if you've got any ideas or comments for us, please get in touch via email, Twitter or Facebook.
